Diffraction Data;
Application on Powder samples”**

07– 09 April 2017

Hammamet -Tunisia

“4th School on Crystal Structure Determination from Diffraction Data”

Application on Powder samples

First Circular

Dear Colleagues,

We would like to announce that the 4th School on crystal structure determination from diffraction data will take place in Hammamet, Tunisia from April 7th (arrival) to April 9th (departure) 2017.

We shall limit the number of participants to about 60 to ensure a convivial atmosphere, and the possibility to share dinners between all participants.

The school will bring together specialists from the various sub-fields of crystallography and materials sciences with the aim to raise mutual interest and to teach under- and postgraduate students, young post-docs as well as senior scientists interested to be introduced to determination of crystal structure from powder diffraction data.

This school introduces the theory of powder diffraction and the methods available for crystal structure determination and for microstructure analysis from powder diffraction data (indexing, space group determination, structural and microstructural refinement techniques).

WWW server:

The conference has a home page on the World Wide Web providing up-to-date information.

Start browsing at URL : <http://www.issbat.rnu.tn/fichiers/1st%20Circular.pdf>

The second circular will be sent at the end of November 2016. At this time the preregistration will be opened. Meanwhile please note the date of this school in your calendar.

The Scientific advisory committee of the CS3D school is composed of:

Prof. R. BEN HASSEN (Tunisia), Prof. V. PETRICEK (Czech Rep.), Prof. M. BEN AMARA (Tunisia) Dr. T. ROISNEL (France), Dr. M. BEN YAHIA (France), Prof. M. LEONI (Italy), Prof. A. KABADOU (Tunisia), Dr. Jan ROHLICEK (Czech Rep.), Prof. R. I. Gladyshevskii (Ukraine).

The Organizers: Prof. R. BEN HASSEN, Dr. S. CHERIF, Dr. G. LASSOUAD, Dr. H. CHAKER, Dr. B. BELGACEM, Dr. N. NASRI, Dr. S. NASR(Tunisia).

We are looking forward to meeting you in Hammamet.
